

NTYMC

The North Tyneside Youth Music Collective (NTYMC) was set up by a group of young people with an interest in music almost five years ago. Since then the NTYMC have put on regular gigs in the YMCA Basement, featuring over one hundred different youth bands and artists. In 2007 the young people raised money to develop a music recording studio and in early 2008 released their first CD featuring local youth music.

The NTYMC is always keen to hear from local youth bands who are looking for somewhere to play.

For more information on the NTYMC, gig lists, videos, recordings and much more please go to:
